

## PRODUCT INFORMATION

### **Multipurpose grease MoS2**

Art. No. 47300

MULTIPURPOSE GREASE MoS2 is ideal for the lubrication of high-load plain, anti-friction and wheel bearings, joints, chassis and bearing points exposed to impact and vibration stress. It is suitable for universal use in motor vehicles, construction machines, agricultural and forestry machinery operated in wet, dusty or dry environments. The product is particularly recommended for slow-running machine elements operated under high load at critical limit and mixed friction conditions. When re-lubricating parts, ensure that the grease is not contaminated with dust or dirt particles. Observe manufacturer instructions.

#### **Specification**

DIN 51 502: KPF2K-30

#### **Properties**

- Excellent adhesion on metal surfaces.
- Outstanding shear stability
- EP additives reduce wear and increase load resistance.
- Water resistant.
- Prevents corrosion.
- Emergency running properties thanks to graphite and MoS2 additives.
- Mixable with most greases on conventional soap base.

The expiration date is 2 years after production date under the permission that the product is stored in a dark, dry and cool place.

Our data sheets and prints should advise in all conscience. The content is regarding to treatment and application an unenforceable obligation as we have no bearing on it. Modifications which result in improvement are reserved.
